Highlights

- 01 AI cameras, tap-and-go**
Customers open the door with a tap, take what they want and close it. Cameras register the products and the payment follows automatically.
- 02 Delivered ready to sell**
Installed, tested and plug & play on a standard 230 V socket. You only have to fill it.
- 03 Built for daily use**
Powder-coated steel, fan-assisted cooling with automatic defrost and 45 mm insulation.
- 04 Products in the spotlight**
LED interior lighting and an illuminated header panel for your own branding.
- 05 Laid out for your range**
Shelf heights and zones are set around what you sell: meals, drinks or snacks.
- 06 Telemetry ready**
Prepared for contactless payment and telemetry over MDB.
